**Product Description**

Artificial flowers and vines are like charming elves, bringing a vibrant atmosphere to your environment. Their lifelike appearance, attention to detail and flexible design make them a delightful addition to any environment. They exude fresh and vibrant beauty and liven up the atmosphere.

**High degree of simulation**

The combination of foliage creates a charming display that is reminiscent of playful elves dancing across the space. These high-end artificial flowers are strikingly similar to real flowers, capturing more than 90% of the visual and tactile experience of flowers. Every leaf and branch has been crafted to an exquisite level of detail.

**Clear and natural texture**

The texture of the leaves is very realistic and the color transitions are natural, adding to the overall authenticity. Thanks to the embedded injection molded wire, the branches of these plants can be bent and shaped, giving them versatility in the way they are displayed. They hang elegantly and enhance the artistic appeal of any space.
