Product Description

This creative simulated vine hanging basket brings you a new home decoration experience. Using safe and environmentally friendly materials, incorporating clear textures and simulated flower leaves, the garden faux rattan hanging basket is not only beautiful, but also easy to care for and install, saving time and effort.

Detailed technical advantages:

Safe and environmentally friendly materials

Use safe and environmentally friendly materials to ensure that the product is both beautiful and harmless to the environment and users, providing health protection for your home environment.

Clear texture, realistic simulation

The texture of the artificial plant in basket is clear, just like real vines, adding a natural texture to the entire product. The processing of simulated flowers and leaves is even more meticulous, making the entire hanging basket more realistic in appearance.

Specific application scenarios:

This artificial hanging baskets for outside is suitable for various home scenes. Whether hanging on the balcony, porch, or indoors in the living room or study room, it can add unique decoration to the space. Its safety, environmental protection and easy care make it an ideal choice for home decoration. By combining different flowers and plants, you can create a variety of unique decorative effects, injecting creativity and vitality into your home.
