Product Description

Product introduction:

The environmentally friendly simulation artificial flower wall panel is an exquisite decorative art piece specially created for weddings and shops. Through the selection of artificial flowers, a detailed and vivid visual effect is presented. The artificial flower wall is not only a beautiful decoration, but also pays attention to the concept of environmental protection and uses environmentally friendly materials to ensure the safety and health of indoor use.

Features:

Artistic simulation: Exquisite craftsmanship and high-fidelity design make each flower look lifelike, adding an artistic atmosphere to the scene.

Environmentally friendly materials: silk flower wall panels are made of sustainable materials such as environmentally friendly polyethylene. The products have no odor and are in line with the trend of modern ecological and environmental protection.

Multi-scene application: Not only suitable for wedding decoration, but also as store decoration, creating a warm and fashionable space.

Sturdy and durable: High-quality materials and sturdy structural design give the product a long service life.

Application areas:

Wedding Ceremony: Create a romantic wedding atmosphere and create a unique and romantic ceremony scene for the couple and guests.

Store design: Attract customers' attention, enhance the image of the store, and add color to the shopping experience.

Activity background: As an artificial flower backdrop wall, it adds visual appeal to various activities and creates a cheerful atmosphere.
