Product Name	Fake Nordic Magnolia
Material	silk cloth + plastic (built-in iron wire)
Applicable	Home, businesses, office furnishings
Size	40*35cm
Features	Highly simulated flowers
Technology	Professional blooming process
Color	bright and colorful, just like real flowers

Cleaning and maintenance

1. Gentle Cleansing:

Use a soft brush or a hair dryer on low speed to gently remove dust and debris. You can choose warm water and a small amount of neutral detergent, and gently wipe the petals to avoid using too strong detergents.

2. Avoid direct sunlight:

Prolonged exposure to sunlight may cause the color of artificial flowers to fade. It is recommended to avoid placing the bouquets directly in the sun and choose to place them indoors or in a shaded place.

3. Arrange petals and leaves regularly:

Gently arrange the petals and leaves of the bouquet to ensure they maintain their natural shape. This helps prevent the bouquet from looking messy or misshapen.
